Several Injured In Series Of Car Crashes In Area

Truck On Donner Grade Sends Young Couple To Hospital

Two people were injured and four others escaped death by a narrow margin Friday when a truck got out of control on the Donner grade.

Albert Faxon, 21, and his wife, Bernice, 19, were taken to a Reno hospital with major injuries. The latter has a broken right leg and severe head and face injuries and the former suffered a crushed chest when their car was hit headon by a truck driven by Sam Santiemms of Chicago.

Just seconds before the headon crash, State Patrolman William Gautsche said, the truck forced another car with four occupants, driven by Fred S. Dunn, 49, of Oakland, into the rocks where it was wrecked. No one in the Dunn car was injured and the truck driver was not hurt.

Santiemms was cited by the patrol for driving without due caution and being on the wrong side of the highway. He told the patrolman his brakes failed as he was going east down the grade.

Other Mishaps

Lyle R. Goin, Richmond, was treated for minor injuries when a car driven by Connie McLain, 19, also of Richmond, ran off the road near Soda Springs Saturday morning at 1:30 o'clock. Patrolman Roy Stallard issued a citation charging driving without due caution.

A trailer on a car driven by George Blackmen, San Francisco, crashed into a car operated by Arthur L. Cortez, San Francisco, Saturday afternoon near Floriston, causing injuries to Carrie Hendrickson, 81, an occupant of the former vehicle. Blackmen was cited for speeding by Patrolman C. White.

Joe H. Sanchez Jr., 33, Mountain View, was injured Monday afternoon when a car driven by Mabel Vagedes, 47, San Jose, attempted to pass another car on the wet pavement near Cisco and overturned. The driver was cited for speeding. Dr. L. D. Nelson treated Sanchez and sent him to the veterans hospital.

Trucks Collide

Two trucks, one driven by Keith J. Coons, Salt Lake City, and the other by Claude A. Kelly, West Sacramento, collided near Cisco Tuesday morning at 2:00 o'clock, causing injuries to Gordon Linnell, Big Vale, Utah, a relief driver in the Coons vehicle. Coons told Patrolman Stallard that he swerved to the right to avoid hitting an oncoming car. His truck got out of control and hit the Kelly trailer and then plunged off the road.

Robert Beeks, 40, Reno, was cited by Patrolman Gautsche at 6 o'clock last night for speeding and being on the wrong side of the road, following a crash between the Beeks pickup truck and a car driven by Andrea J. Giroux, 47, San Francisco. No one was injured.

Assessor Raps Proposition One As Costly, Unfair

Would Shift 23 Per Cent Burden on Property Owners

County Assessor P. G. Scadden has issued a statement attacking Proposition No. 1 on the November 7th ballot.

The county official says that in the first place, the measure is unfair as it would shift to the small home owner and owners of real estate the personal property taxes from large business enterprises and users of rental property.

In the second place, he said, it will seriously affect the tax base which has been established and proven and proponents do not establish an alternative for replacement of lost revenue.

The last complete and official figures with respect to valuation and taxes in Nevada County are for the year 1950-51, Scadden said. For this year the total assessed valuation for the county was $25,181,090. Of this total, $5,783,310 was tangible personal property. This amounts to 23 per cent of the assessed valuation of Nevada County.

Proposition No. 1, if allowed to pass, will abolish this percentage from the assessment rolls, he warned. The taxes collected from this amount would be lost and, as stated before, no proposal has been made by the proponents to make replacement of this lost revenue. The only alternatives would be increased taxes on real property or curtailment of essential public services.

WARNING GIVEN FOR HALLOWEEN BY OFFICER HERE

"If it's not thoroughly secured and you want it, take it to a safe place."

This was the warning of Constable N. F. Dolley upon approach to the Halloween season. He urges local residents to secure all garbage cans, gates, hose and other movables outside to prevent their disappearance over the holiday period. He warned that the activities are not always limited to one night but may extend over three or four.

Pointing out the unequal ratio of enforcement officers and potential pranksters, Dolley cited two well-known cliches as watchwords of the season — "Kids will be kids" and "Better safe than sorry."

Sun Beams

by Walter M. Barrett

A man the other day offered a rather novel suggestion in proposing that a penalty be prescribed for a citizen who fails to vote at free elections. We are inclined to agree that he has a good idea. In that way the penalty would be placed on the individual instead of on everyone, voters and non-voters alike, as is the case when only approximately half the citizens exercise their franchise of balloting and the real desire of the people is left in doubt. We hear complaints from all sides about the methods employed in government and yet when an election comes up in which every citizen is privileged to express himself, he finds all kinds of excuses to keep him from the polls. On November 7th California will have one of its most critical elections, with a number of issues to be decided and it is incumbent upon everyone to go to the polls and vote. In this way and only in this way can we determine the wishes of the majority.

There are only eight short weeks before Christmas and local merchants are beginning to stock gift items of all kinds, ranging from toys and personal items to household fixtures and appliances. In preparing your shopping list this year, why not concentrate on home buying? You will find good assortments, fair prices and will be aiding the people who make Truckee a good community in which to live.

NETTELL URGES VOTE SUPPORT OF PROP. NO. 11

County Recorder John E. Nettell, who with every other county recorder in California has gone on record as supporting passage of Proposition No. 11 on the November 7 general election ballot, has pointed out the reason for voting yes on the proposition.

This is purely a technical, noncontroversial measure. The proposition simply provides that any person who has property registered under the out-dated "Torrens system" may withdraw such property from that system and have it replaced under the conventional recording system, Nettell explained.

If approved by the voters, Proposition No. 11 will bring relief to a small but harassed group of property owners now legally forced to conduct land transactions under the Torrens Land Title Act of 1914, whether they wish to or not. Proposition No. 11 permits these one-tenth of one per cent of the California land owners to remove their property —if they wish—from the old, faulty Torrens system, Nettell pointed out.

The Torrens system costs an estimated $200,000 in administrative costs which will be removed if Proposition No. 11 carries, the recorder concluded.

Halloween Party Arranged Here For Tues. Night

Osburn and Curran Named By Rotary Club As Leaders

The Truckee Rotary Club again this year will be host to scores of youngsters at the annual Halloween party to be held on Tuesday evening at the Veterans' Memorial building.

Plans for the affair were discussed at the last meeting of the club and again Clarence Osburn was delegated to be master of ceremonies, assisted by William Curran. The club in past years has provided the youngsters of the community with lots of fun, keeping them well entertained and out of mischief. John Richards and James Sherritt will assist the two leaders in planning and presenting the party.

Youngsters of all ages are invited and should wear costumes, as prizes are given in this department as well as for the games. Refreshments will be served.

Ernie Dugan gave a brief talk on the panelling of the grand jury and Curran told of the huge cost involved in fighting the recent fire in Euer Valley. Herb Mattheus discussed the problems confronting property owners relative to land titles and lake water levels at the east side of Lake Tahoe. Fred Morris talked of the revenue from the sanitary district and Clarence Tollefson spoke on mounting tax costs. Osburn spoke on pending adult education classes here and Arthur Couillard informed the club that another club is in the process of being formed near here.

BIG BRUINS ARE BAGGED IN AREA BY LOCAL MEN

Bear hunters in this district are really encountering some huge species and are bringing home the proof.

Two weeks ago, Frank Borden and Elwood Buhler, hunting in Carpenter Valley, brought home a bear which they said weighed approximately 500 pounds.

Cook Slumbers On As House Is Hit By Ditcher

Earl Brown, chef at the St. Louis Cafe, is a man who enjoys his sleep.

Last Thursday evening when a huge 20-ton division of highways ditcher broke from its parking space a hundred yards above the Brown home and crashed headon into the rear of the house, destroying two rooms and shaking the structure on its foundation, Brown slumbered on in an adjoining room.

Mrs. J. H. Bernard, who lives next door, was fearful that some one had been injured and rushed in to find Brown blissfully asleep. Mrs. Brown and their children were not at home at the time.

The house was badly damaged by the impact.

NIGHT CLASSES FOR ADULTS ARE SEEN AS POSSIBLE

Mrs. G. E. Lewis, president of the Tahoe-Sierra AAUW, has been speaking before various local groups and contacting individuals to determine interest in evening adult classes which may be offered through the Tahoe-Truckee Unified School District.

Mrs. Lewis indicated that the greatest interest in subjects centered around arts and crafts with business subjects ranking second. The arts and crafts course could be offered collectively or by individual subject, depending upon the interest. Suggested topics include design, painting, woodcarving, leathercraft, housecrafts, rugmaking, upholstering, furniture refinishing and ceramics.

Under business topics, she listed typing, business accounting, hotel management, salesmanship, English, public speaking, local community history and promotion as the most popular.

Anyone interested in attending such classes may contact Mrs. Lewis by telephoning Truckee 71Y12 for further details. Classes may be offered at Truckee, Tahoe City, Kings Beach or Donner Summit, provided classes can be organized. An assured enrollment of at least 15 is necessary to organize such classes.

Report Reveals Alarming Gains In Car Mishaps

Chamber Requests More State Patrolmen In Area

A summary of traffic activities on Highway 40 in the Placer Area of the California Highway Patrol reveals a marked increase in travel, accidents and arrests during the period through July, August and September, the three heaviest travel months of the year, Captain George Peterkin of the CHP reports.

During the three months this year, 18 people have been killed in accidents in this area, as compared with eight during the same three months in 1949. The figures show that there were three fatalities during July, five during August and ten for September.

Injuries Gain

The personal injuries for the three months this year were 202 as compared with 129 for 1949, September this year showing the greatest number with 80 as compared with September, 1949, when there were 49 injured.

The number of accidents also gained during the summer months with 240 during 1950 and 173 for 1949. September, which is the high point month of the year for accidents, had 94 accidents this year and 60 last year.

Policing Problems

There were 1550 arrests made by the patrol during the period this year and 1026 last year.

Captain Peterkin pointed out that the activities have greatly increased in an effort to hold down the greatly increased accident toll but that the increase in traffic is so large that the desired effect has not been evident. Being a transcontinental highway, the captain pointed out, today's arrest tickets do not have any effect upon tomorrow's violations, since newcomers traveling the road have no previous knowledge of what has transpired. Educational contacts, the captain went on, for local people through the newspapers, public meetings and enforcement measures are naturally not available to these people.

Many Truck Arrests

Another interesting portion of the reports shows that through January to August, inclusive, the Placer squad made 560 arrests of commercial vehicles, issued 305 commercial warning citations, checked 4,840 trucks and removed 477,300 pounds of overloads.

Chamber Acts

Despite this terrific increase in deaths, accidents and travel, the Truckee squad, through which much of the travel in the area is funneled, has diminished from five patrolmen and a sergeant to a squad of three men. The chamber of commerce at its last meeting urged headquarters of the patrol to increase the personnel here in an effort to curtail violations, which are held the chief cause of the accident increase.

New Patrolman Here To Relieve Sheehan

State Patrolman Charleston White is temporarily attached to the Truckee squad to relieve the policing situation on Highway 40. The new man came here from Placerville to assist Patrolmen William Gautsche and Roy Stallard, who currently comprise the local squad, Patrolman T. F. Sheehan of Tahoe attending a patrol school at present.

Improvements Pledged On Donner Highway

More sharp curves will be eliminated and portions of Highway 40 on Donner grade widened with the $90,000 appropriated for the next two years by the division of highways, according to word from R. C. Kennedy, secretary of the highway commission.

The work will be a continuation of projects completed during the past two years to make the important road more accessible.

30-Day Sentence Is Levied for Petty Theft

We thought of everything that would give us a complete change when we decided on five minutes notice to take a short vacation. First, the the direct opposite of granite, trees and mountains is oceans and beaches. That reminded us that minus tides were about due at Pismo and Oceania and clam digging would be in order. So Peg Travis, myself and my mother threw a few pair of jeans, bathing suits and sneakers into the rear end of the car and took ourselves off for a week of clam digging. We hit the minus, as we expected, and spent a week in the Pacific digging clams. Fun, rest and, incidentally, we got the limit a couple of times, which gave us clam cocktails, clam fritters, clam chowder, baked clams on the half shell and French fried clams.

The Donner area is all churned up in the midst of organizing another winter sports committee with the hopes that it can become a permanent functioning public relations group which will knock the "winter" out of the title and operate throughout the year. The temporary board of directors, we understand, is broken down into publicity, finance, highway and public relations and is composed of Harold Steen, Harry Pratt, Charlie Van Evera, Gordon Hooley, Dennis Jones, Jergen Vind, Ernie Nordstrum, Herb Fredericks and Alex Cushing. We may have missed a few. Three meetings last week brought forth the conclusion that rules and by-laws had to be written before the committee could function further. We also hear, with regret, that the idea of a central reservation bureau for the area is to be abandoned. We still maintain that cooperation with travel agencies throughout the country and a central bureau which would enable the skier to make one telephone call for the reservation that he must get on short notice is a vital essential for the promotion of any area. However, such a set up is expensive to get started and maintained and as far as we can determine funds for the new set up must be solicited, so perhaps in the future a reservation bureau will not be such an impossible operation.

We're a little late with the report given us by Bert Wiley of the state division of beaches and parks in regard to the Emigrant Trail project, that 60 mile stretch that runs along between the east end of Donner Lake and Chicago Park, but our delay in reporting has a bright aspect for fine weather has favored the working crew and we understand that work has progressed much further than the report we are about to turn over to you.

"The state survey crew started at the south boundary of the state park," said Wiley, "and has to date surveyed the Old Overland Emigrant Trail from that point to Sugar Bowl Lodge. We have flagged the riding and hiking trail and portions of the old Emigrant Road through Lake Van Norden area and through the lake country to Cascade Lake and thence the actual road to the Donner School. It will take the survey crew into November before they can make their ties from center lines to property corners, etc., that is, weather permitting."

The four surveyors are now staying at Ice Lakes and Mr. Martin reports that the survey has gone further than mentioned above—that the surveying crew really will finish up all preliminary work in the area that could trap them by snow—before the first heavy snows. It looks as though we have started to fulfill the dream of the pioneer, the historian and the civic-minded who have put forth much effort and time in getting the dream past the nightmare stage, and actually into operation. We remember the words of Assemblyman Francis Lindsay, "The Overland Emigrant Trail will be of the same benefit to the area in the summer as is the winter snows."

And now we come to the annual spook party of Donner Summit Lodge, which is to be held this coming Saturday night, which has the mountain folk in a glad state of anticipation as they look forward to the yearly wing-ding which can be compared with New Year's Eve.

Colonel Bill Rutherford has this past week made his last call on his mother, who passed away. Knowing Bill and his close association with Annabelle Rutherford, we sympathize greatly with him in his greatest bereavement, as we grieve with Adelaide and Harold, Bill's sister and brother. We wish we had space to tell you of the marvelous personality of Annabelle Rutherford and her tremendous fortitude, an aged woman who knew more of modern affairs, modern art, modern literature and had a clearer insight into personal problems than any woman whom it has been our personal privilege to contact. We can remember when Annabelle taught youngsters, unfortified in the way of social affairs, how to pour a cup of tea gracefully from a porcelain pot. How she could make welcome people who derived their ancestry from a different class of life, how she kept a gracious home which was a privilege to enter, how she entertained youngsters and young teachers, how she entertained the clergy of which her late husband was a prominent member and how she functioned in affairs that concerned her church, in PTA affairs, in any organization that was for the betterment of mankind. We have viewed her antiques and read the history of this God-strengthened woman. It was a sad loss to this community. We inwardly weep with Bill Rutherford who has been a good and devoted son. Our seven younger sisters and brothers went to Grant Union High school when Col. Rutherford was its superintendent and an afternoon in the home of Annabelle Rutherford, often given to its students, was one highly prized by the youngsters in our family. Hundreds of young people who come to this territory to ski had made a rite of calling on Annabelle Rutherford before fitting their feet in ski boots. No finer tribute can we give than that she was a friend to all—and a friend of their friends.

We call your attention to Rev. Father Patrick O'Neill of Truckee. Between 17 and 20 kids—some Catholic, some Protestant and some not knowing which they be—are taking their Catechism at Beacon Hill Lodge. All are receiving religious instruction as the good padre takes them in his own car between the school of instruction and their homes.

Bob Mori and Bill Kimberlain work frantically on the Mori Estate near Pratt's Garage. Fireplace being erected by "Rocky" Rockholm. Rainbow Tavern reports a full crew for the coming winter business. Soda Springs Hotel houses Western Union gangs and Christmas tree cutters—full house. Ditto Snowtel. The heating system's in Beacon Hill Pool; Elmo Moriano on a month's tour to advertise Beacon Hill Lodge with new folders—going south. Sorry to report Gladys Jones is about to be moved from Mercy Hospital in Sacramento to the Heart Foundation in S.F.; hope this move will help, Virgil Jones. Ruth Meador, the musical bookkeeper of Soda Springs Hotel, has returned to the fold. Ben Bevins of the same institution went to have a tooth treated and stayed to have a full set of teeth made. Muriel and Dennis Jones, Gordon and Louise Hooley went to the heartbreaking Santa Clara-Nevada game. Ray and Margaret Kronemeyer visiting us from Reno to spend an evening —Margaret with her talking African love bird.

HERE'S THE SLATE — VOTE IT STRAIGHT!

NEVADA COUNTY REPUBLICAN CENTRAL COMMITTEE

(Political Advertisement)

THE TRUTH ABOUT NO. 6

CUT TAXES 25%! STOP THE $400 MILLION YEARLY PAYOFF

Gov. Warren's Crime Commission estimates the "payoff" to police and public officials in California at $400 a year. These "pay offs" are the bribes paid by the underworld for the privilege of conducting illegal gambling. Vote YES on No. 6 to stop this graft, put gangland out of business, as shown in the film "711 Ocean Drive."

ARTIE SAMISH, SWING COMMITTEE, SANTA ANITA

The series of articles by Velie in Collier's Weekly exposed how Samish, the kingpin lobbyist, controls our Legislature—by owning enough legislators, body and soul. to control our state senate. The state senate, in turn, appropriated $20,000 of taxpayers' money, handed it to the Swing Committee to fight No. 6. Every citizen of California who loves liberty and wishes to preserve it at home should vote YES on No. 6 and thus rebuke this unholy triple alliance of SAMISH, SWING and SANTA ANITA. Unless No. 6 wins, an emboldened and lobby controlled legislature may next time appropriate not $20,000 but $20 million to fight the next initiative which threatens the Santa Anita monopoly and the "hoodlum empire."

LIFE MAGAZINE SAYS:

"Gambling laws, like Prohibition, are impossible to enforce..... Under legalization the graft would stop and a good part of the $6 billion (payoff money) could be channeled into taxes." (LIFE, June 19, 1950). Vote YES on No. 6 and make the "payoff" money pay 25% of YOUR taxes. Our Samish controlled state senate has published campaign literature commanding the voters to vote "NO" on No. 6. Will you obey Samish's puppet? A "NO" vote is a vote to keep conditions exactly as they are now, with corrupt officials receiving "payoff" instead of the state receiving taxes.

TAXPAYERS!

California law permits pari-mutuel betting at tracks, where it is regulated, controlled and TAXED. But off-track betting, done through several thousand unlicensed "bookies" and 10 to 25 times greater in dollar volume, is uncontrolled and UNTAXED.

If it is legal to get at the tracks, it should be legal anywhere. Rolland A Vandegrift, legislative auditor for the State of California, estimated that the state could receive $321,931,205 per year in taxes on off-track wagering if "bookies" were licensed by the state.

TAX THE BOOKIES AND CUT YOUR TAXES 25%!

Old age and blind pensions cost California taxpayers $270,000,000 per year. The tax on bookies alone would more than pay the entire pension load, which is approximately one-fourth of California's billion dollar tax bill.

PENSION PEOPLE

We all remember that last year pension measure No. 4 was repealed by pension measure No. 2 because of a taxpayers' revolt. Taxpayers and pension people have never, until now, been in agreement. Their financial interests have been adverse. But now, united for the first time, with equal interest in the adoption of No. 6, their combined voting strength assures overwhelming victory. Pension people are not disturbed by the SAMISH-SWING COMMITTEE taunt that No. 6 does not pay increased pensions at once; pension people know that No. 6 will set up a pension fund which cannot be spent by the state for anything but pensions. No. 6 will soon make possible the dream of every friend of pensions, namely, a pension of at least $125 per month paid as a matter of right and without any increase in taxes.

The repeal of last year's No. 4 convinced all thinking pension persons that no substantial increase in the pension or no lowering of the pension age can be expected until some source of revenue can be found which will not increase taxes. A tax on gambling is positively the only new tax which can be levied which will not and cannot be passed on to the consumer in the form of higher taxes.

Santa Anita pays part of the present old age pension in California. A tax on liquor pays all of Colorado's pension, which is larger than the Californna pension. Let's tax the "bookies" and pay all of a bigger and better California pension. Get rid of the "snoopers." Vote YES on No. 6!

BUSINESS MEN FAVOR LEGALIZATION!

With the adoption of No. 6, countless thousands of visitors will be attracted to California; they will spend hundreds of millions of dollars for all kinds of goods and services. Every business man and every resident will get his share of increased business and increased property values. Furthermore, the adoption of No. 6 will keep California "play money" at home. No longer will neighboring states get their tax money from California people. Vote YES on No. 6 and make California the playground of the world.

TO PRESERVE the INITIATIVE AND REFERENDUM — VOTE YES ON NO. 6!

Only those persons actually present at the Swing Committee hearings know how the Samish-controlled Swing Committee trampled rough-shod over all American concepts of legal and civil rights and fair play. The very existence of the Swing Committee with its admitted purpose of defeating No. 6 was in itself a brazen, contemptuous, unlawful invasion of the constitutional right of the people to adopt an Intiative measure at the polls "independent of the legislature."

At the "kangaroo court" hearings of the Swing Committee, the proponents of No. 6 were not permitted to call a single witness to testify in favor of the measure or to cross-examine the carefully prepared and hand-picked witnesses chosen by the Swing Committee itself to attack the measure, to misquote it, to misinterpret it.

The truth is that minors will not be permitted to play slot machines, nor will a license be required for any home or social game of gridge, canasta, poker, gin rummy, bingo or any other game, even though money changes hands. To require a license the game must be conducted by an "establishment" in the business of conducting games of chance to make a profit for the "establishment".

TRUTH IS NOT WHAT THE SAMISH-CONTROLLED SWING COMMITTEE SEEKS!

It's purpose is to confuse the public and to defeat No. 6 in order to protect the SAMISH-SWING-SANTA ANITA AXIS. Don't be fooled. Vote for your own interest. Vote to cut your taxes 25%. Vote to end gangland control in California — the only state in the union where Mickey Cohen is ever permitted to sit down! Vote the gangsters out of business and drive them from California by state regulation, control and TAXATION. Destroy the nest-egg of organized crime—illegal gambling. Vote to preserve the Initiative and Referendum.

BANK OF AMERICA WILL CONTINUE SATURDAY SERVICE

Taking note of new and unfounded reports that the Bank of America had changed its position on the Saturday closing of banks, President L. M. Giannini has declared that Bank of America's view was the same now as in April, 1947, when that view was publicly stated.

"We said then that of course it would be more agreeable and convenient for all of us who work here if we could have Saturdays off," he said, "but we did not feel we would be keeping faith with those we serve if we were to gratify our own desire without a clear mandate from the public, either direct or through their chosen representatives."

Operation of banks is regulated by law and Giannini pointed out that measures proposing to make Saturday a weekly legal holiday similar to Sunday had failed to pass the California state legislature, which could be interpreted only one way: The representatives of the people did not want all banks closed on Saturdays.

Under the present permissive law, such banks as wihs to withhold banking service from the public may close legally on Saturdays. Each bank can do as it thinks best with regard to Saturday closing. But Bank of America considers itself to be an institution for public service and will continue to operate on Saturdays as at present until the people of California decide otherwise.

CHRISTMAS MAIL TO OVERSEAS SHOULD BE SENT BY NOV. 1

"Tuberculosis Christmas Seals are now available for overseas packages," states Mrs. Dorothy D. Adams, president of Placer County Tuberculosis and Health Association. "The T.B. Christmas Seals exemplify one of our most common American characteristics —the spirit of helping each other —and they are as much a part of the holiday picture as turkey and plum pudding.

"With the greatly increased number of our young American men and women overseas, this swiftly approaching holiday season, we can help brighten and normalize their Christmas away from home by selecting gifts right away, getting them to the post office no later than November 1 and decorating, as usual, with Christmas T.B. Seals."

A post card request to Mrs. Frank Bonito, 275 Sawyer Street, Auburn, will assure prompt delivery.

Must Suspend Licenses Of 2-Time Drunks

SACRAMENTO —(W. N. S.)— The state department of motor vehicles has no choice but to suspend a driver's license on a second conviction of driving while intoxicated, even if the court recommends against such a suspension.

Attorney General Fred N. Howser made this ruling in response to an inquiry from Senator James J. McBride of Ventura.

Under the terms of the law, the license must be suspended for one year, according to the attorney general's ruling.

Rain was falling steadily on Monday night and Tuesday.

Leaves Meeks Bay—

Mrs. Jody Maher, who spent the summer at Meeks Bay, left for Reno this week for a visit before locating for the winter months.

Boat Company Workers Enjoy Yearly Party

TAHOE CITY— The annual dinner tendered employees of the Tahoe Boat Company and their families was held Monday night, October 16, at the Mapes Hotel in Reno. The table was beautifully decorated with a center piece of roses and spider chrysanthemums and guests enjoyed a steak dinner, floor show and evening of dancing.

Those attending included the co-owners of Tahoe Boat Company, Norman Mayfield and Fred Main, and their wives; Mr. and Mrs. Joseph Frey, Mr. and Mrs. David J. Hagerty, Eddie Main and Miss Martha Jo Main.

Sewage is Responsibility Of Pollution Board

SACRAMENTO —(W. N. S.)— Requirements for the establishment of individual and private sewage disposal systems, such as septic tanks and cesspools, are under the jurisdiction of the state water pollution board.

This opinion was handed down this week by Attorney General Fred N. Howser in response to an inquiry from the board.

The attorney general held, however, that where local health ordinances prescribe satisfactory standards, the requirement of the regional pollution board may be the compliance with such local ordinances.

SWANEE'S TAHOE LETTER

Tahoe City, October 22nd

Dear Tahoeites:

Duck season opened in this area on Friday last, but so far as I can learn Charlie Swanson and Jimmie Morhain are the only ones having shot ducks, most of the hunters going for quick success to Fallon. It is too early to perdict just how the duck season will be here but a few have made their appearance and if the weather changes, they will no doubt become more plentiful.

Last week's story in the Letter offering two little six-weeks old sheperd pups to anyone who'd give them a good home found ready "takers". In fact Maizie Carnell could have given away half a dozen had she had them on hand. The dogs now have good homes and all is well.

Had another note from Margaret Gall of Glendale, who regained her health and strength by taking her doctor's advice, combining sunbathing with bicycling. She visited Lake Tahoe last summer and found it the most beautiful spot on her summer itinerary. She's busy writing magazine articles and getting her book in shape and latest plans call for a tour of the Hawaiian Islands with friends in January.

Also had a letter from my old friend, Mrs. Bertha Mawdsley of San Francisco, whose husband, Captain George Mawdsley, passed away at the Marine Hospital in the bay area on September 30 at the age of 69. His three month illness cut short plans for his retirement to the summer home and acregae the couple owned in the area above Placerville. He was chief bay-river pilot for the San Francisco port of embarkation and during the last war was the army's senior pilot with the rating of commander. More than 50 captains of the bay area, numerous seafaring men and a host of friends attended the funeral service at Carew and English chapel, decked high with beautiful floral pieces, followed by burial at Cypress Lawn Memorial Park. He leaves, besides his wife, two brothers and a sister. Mrs. M. also reports the Eric Druhns are now operating a restaurant at Jones and Hyde Streets in San Francisco.

Now awaiting definite orders to return to service is WAC Pvt. Florence Vernon, daughter of Mr. and Mrs. C. W. Vernon of Tahoe City, who applied for and recently received admission to the reserve. She has signed up for three years and requested six months of active service each year. She has been classified as photo lab technician and expects to receive her orders to report for exams at Hamilton Field in the near future. Miss Vernon enlisted in January, 1943, in the original WAAC division and was stationed at Windsor Locks, Conn.

Heard the Joseph Duffees were in town for a short time at their home in Lake Forest recently and were driving a new Pontiac sedan.

The ladies of this area will be delighted to learn that Betty's Beauty Shop in the Kilner Building, Tahoe City, will remain open for the entire winter season this year. For one whole week she will run a special on permanents and all work will be done through appointment. See this week's ad in the Sun's columns for prices and details.

Hear the Tahoe Lake grammar school won the football game last Saturday afternoon on the Tahoe City golf links with a score of 12 to 0. Superior passing on the part of the Tahoeites who were captained by Jay Stuart won over the Kings Beach grammar schoolers. A small but enthusiastic crowd was on hand to witness the game.

Guests on Sunday at the home of the John W. Quinns of Pineland were Mrs. Elsie Brash of San Francisco and Harold Hill of Sacramento. Have been helping the Quinn household since the arrival of wee baby, Colleen Ann, who, with her mother, is doing quite nicely. Understand Mr. Q. jubilantly passed out a huge bag of candy to his students and associates at Tahoe-Truckee high school the morning after his first daughter's arrival. And next door to the Quinns, little Kathryn Easton, new daughter of the James Eastons, and her mother are also progressing nicely since returning from the hospital.

Unsuccessful hunters who week ended at the A. M. Henry domicile in Tahoe City were Jack Blaine and David Donaldson of Oakland.

The Stanley Z. Boltons and Postmaster Oliver Corona and his mom, Mrs. Catherine Corona, are all back from their vacations but so far I have not been able to corner them for a resume of their itineraries.

Saw the show last Saturday night at the Donner Theater in Truckee with son Jim and then hied over to the Dot Dempsey household where we partook of some of the four dozen sugar doughnuts, just made by Jimmie Morhain, with coffee. Future brides of Truckee should contact Jim for his super-duper recipe! They were dee-lish!

Mrs. Ruth Droste, who is serving as secretary for the Lake Tahoe-Sierra Association, has asked me to place a notice in the Letter asking all resort owners who wish their folders sent out to send a supply to her at once. Her address is 8141 El Paseo Grande, c|o Leisure Hours, LaJolla, Calif.

Mrs. Laura Wilson, resident of Lake Forest, who was born in Pingyang, Korea, but who has been a Tahoe resident for many years, last Thursday made her first trip to San Francisco since she was a baby. She does not remember much of her life in Korea as she left with her parents to return to America at an early age. Her father was a Methodist minister from Albion, Mich., who served in Korea for six years. Accompanied by her children, Carol and Douglas, the trio enjoyed a round of sightseeing which took them to Fleishhacker Zoo, Stanford University Chapel, Golden Gate Park, the aquarium, Seal Rocks, Devil's Slide, the two big bridges and finally wound up with three box seats for the "Barber of Seville" at War Memorial Opera House where Lily Pons excelled in the leading role. They also visited relatives, Mr. and Mrs. Leo D. Wilson of Redwood City, and returned home by bus on Sunday.

Ring this off on Tuesday as steady rain falls from a sullen sky. It will be worth its weight in gold in making the tinder dry forests less vulnerable to fires, and will help more than a little in softening the slopes of Olympic Hill where 35-ton cats will be going to work within a few days remodeling the jump hills, take offs and runways.

Sincere good wishes for the good health, happiness and prosperity of all. As ever, Swanee.

Don't Be Fooled!

Proposition No. 6 is no "pension measure"!

It makes no change in pension eligibility requirements.

By licensing every known form of commercial gambling, and taking a cut from the profits, Proposition No. 6—according to its promoters—would provide a new fund for payment of present pension benefits now being met by general taxation.

But before one cent would be paid for pensions, all expenses of a newly created, self-chosen 5-Man Gambling Commission would have to be paid in full!

Under Proposition No. 6, gambling spots would be *exempted from local taxes*—yet local communities would be burdened by the huge cost of *increased police protection* against the horde of racketeers, gangsters and hoodlums that Proposition No. 6 would attract to California.

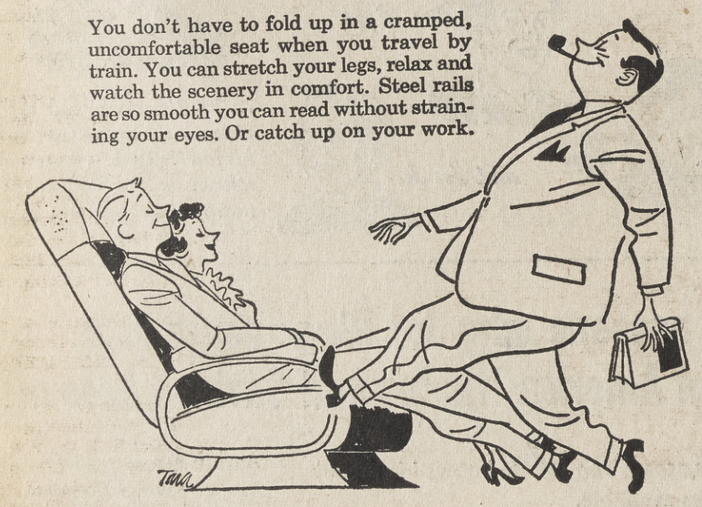
The big advantage of the train is ROOM

ROOM to stretch your legs

You don't have to fold up in a cramped, uncomfortable seat when you travel by train. You can stretch your legs, relax and watch the scenery in comfort. Steel rails are so smooth you can read without straining your eyes. Or catch up on your work.



ROOM to walk around

You're not confined to your seat on the train. You can get up and walk around whenever you wish. Comfortable rest rooms for men and women in every car.

ROOM to eat

On the train you eat in style at a table, with clean linen, good food and service. You pay no more than you would in any good hotel. In coffee shop cars even less.

ROOM for luggage

You can take a normal amount of luggage into your railroad car with you. In addition, on most tickets, you can check 150 pounds in the baggage car, without charge.

ROOM to sleep

Pullmans have big, comfortable beds—each more than six feet long and three feet wide. Soft mattresses, clean sheets, plenty of blankets. A courteous porter is always on duty to serve you. And when it's windy, stormy and wet, you'll be snug and warm on the train.

Next time, try the train

Good old Al Gerardi, with a birthday coming up, has handed over a $20 bill to be used for the entertainment of local kiddies. On behalf of the youngsters, we thank you, Al, for such a fine gift.

Vivian Summerfield of Incline has returned to her winter home in Palm Springs.

Clarice Astle planned, last fall, to work in Sacramento during the winter months. Just recently I learned that Clarice had become ill and returned home, laying aside her former plans. Your friends hope that cloud before the silver lining is not too dense, Clarice.

Theresa Sutton is resting up a bit at St. Mary's Hospital in Reno. We missed you at the Club meeting, Theresa.

Don't forget the first dance of the season, October 28, at Cal-Vada. This dance is sponsored by the VFW and should be quite entertaining.

It is reported that the first graders from Kings Beach, Truckee, and Tahoe City schools will be taken for an outing by bus to the Reno airport. Kings Beach youngsters will be accompanied by their teacher, Miss Gladys Bryant.

Mr. and Mrs. Robert Stevenson of Kings Beach are visiting in Los Angeles and the surrounding area.

Alta Elder is looking after the interests of Mr. and Mrs. Marion Dodd while they are away on vacation.

Lisby Clement has been up to put all of their things away before going to join Duke in Bolivia. Duke has been there for some time and Lisby expects to sail in about five weeks.

Tommy, Wilma and Susan Lucas are visiting Wilma's brother, Captain Wally Boggs, and family in Utah. Tom's father and mother will be leaving any day now for their home in Cathedral City where they will remain throughout the winter.

The Rioli Inn has its windows shuttered for the winter.

Sky Blue Waters is in the process of closing for the season.

Meisenheimers' windows have been shuttered for a couple of weeks. Saw Mae as she was leaving for San Jose where she will stay until next summer. George still has some work to do around here and will not leave for a while.

Mr. and Mrs. Carl F. Zinsmeister left Monday for their home at Boulder City.

Walt and Janice Bailey were away for a few days last week. Walt went duck hunting while Janice and the children visited with some of her folks. Steve Port Sr. does a wonderful job of looking after the place while Walt's away.

The Women's Society of Christian Service met at the home of Mrs. Henry Chanda on Tuesday, October 24. Among them was Mrs. Jessie Hale who is leaving for Oakland right away and was completely surprised to find that the ladies had planned a little party for her in celebration of her birthdate, which comes up on November 7. There was a lovely birthday cake in addition to little individual cakes each with a letter; when combined spelling out "Happy Birthday." And it was a happy day.

The Dunes Cottages are shuttered for the winter. Soon the final rites of closing will be completed and the Doug Frees will have gone away in anticipation of summer sunshine while natives of Tahoe revel in winter's snows.

While Mildred Burch attended the Eastern Star convention at Sacramento and stopped with her friends, Mr. and Mrs. Pinchon, she had a wonderful time in spite of the fact that that foot of hers gave a little trouble and had to be humored somewhat. Snowden took Mildred down, visited a bit with the Pinchons before returning to the lake, then drove back down for another short visit and to bring Mildred home. Those driving down last Friday night for installation, Grand Chapter of Eastern Star, were Marion Miller, Nell Barkhurst, Flora Miles, Helen Walters, Anita Barker and Anita's sister, Ida Jurey of Reno.

Those visiting from Tahoe City were Ralph Stanley, Robert Wray, Eddie Moore, Bart Bartell and Basil Kehoe. Rev. A. A. Carmitchel came, representing the Truckee Rotary. H. E. Brooks and Rogers Colton were appointed as committeemen to work with Dr. Nissem in planning a suitable program to meet medical needs of the people of North Tahoe during the winter months. Basil Kehoe was asked to take the subject before his Tahoe City Rotary Club for consideration.

DRUNKS AND BUMS ARE RAPPED BY CHAMBER ACTION

At the meeting of the directors of the chamber of commerce last Thursday, a discussion was held relative to the apparent increased number of drunks and panhandlers on the main street, Reg Smart, president, reported.

Local officers will be asked to increase their efforts and others are urged to report to the officers any such violations they encounter. The directors agreed that such characters are a reflection upon the community and a hinderance to the tourist patrons.

In the discussion, Smart said, it was brought out that often the same persons are frequent offenders and that stiffer sentences and harder work may help prevent recurrences.
